PHD EDUCATIONAL WEEK ON TRANSFERABLE SKILLS

Strategic competences for young researchers

Padova
June, 4th – 8th 2018

Campus di Biologia e Biomedicina “Fiore di Bottà”

PHD EDUCATIONAL WEEK ON TRANSFERABLE SKILLS

Strategic competences for young researchers

Within the action of the University of Padova aimed at modernization and innovation in teaching through “Experimental projects of innovative and inclusive teaching”, the Committee for innovative doctoral education has organized the PhD Educational week on Transferable skills.

Goal

The purpose is to offer PhD students of Padova training activities aimed at strengthening the so-called “Transferable skills”, i.e. interdisciplinary knowledge in the fields of research design, communication, and relationships with the professional world.

Enrollment

The course is structured in several thematic areas subdivided into modules:

Area 1 - Communication/Public Speaking

Area 2 - Professional Development

Area 3 - Entrepreneurship

Area 4 - Personal Development

Area 5 - Funding opportunities and writing skills

In order to attend the various modules it is necessary to register through the “Phd Educational Week on Transferable Skills” Moodle platform: <https://bit.ly/2L43P3O>

The online enrollment procedure will remain open until Wednesday, May 30th, 2018.

In order to better organize the PhD ETS Week, the number of participants to each module is limited. The admissions will be on ongoing basis until the limited number is achieved.

An OpenBadge will be released for each thematic area, conditional on the attendance of all modules of that thematic area.

A certificate of attendance will be issued to all participants. For further details please refer to the Moodle platform.

Monday, June 4th 2018

9hrs - 13hrs/14hrs - 18hrs **Communicating science: a survival toolbox**

Communication/Public Speaking

Tuesday, June 5th 2018

9hrs **Universal Design and Research for All.**

An Inclusive perspective to knowledge construction
Seminar
